

BASO~ACS Annual Scientific Conference and 2016 NCRI Cancer Conference

6th-9th November 2016

Provisional Programme

There will be surgical sessions throughout the main conference and BASO~ACS will host the surgical tracks particularly on 6th and 7^h November.

Sunday, 6 th November (BASO~ACS Surgical and Trainees Tracks)			
Time	Visceral	Non visceral	BASO Trainees Meeting
09:00-09:30	Registration (Tea & Coffee)		
09:30-10:30	Raven Proffered Prize Papers <i>Chairs: Prof Robert Kirby BASO Vice President and Mr Hassan Malik, BASO Hon. Secretary</i> 09:30-09:40 176. Surgery for retroperitoneal sarcoma in the elderly <i>Henry Smith, The Royal Marsden Hospital, London</i> 09:40-09:50 179. Oncological safety of lipofilling in patients with breast cancer: a meta-analysis and update to clinical practice <i>Umar Wazir, London Breast Institute, London</i> 09:50-10:00 TBC	BJS Proffered Prize Papers <i>Chairs: Mr Riccardo Bonomi, BASO Trustee and Mr John Whiting, BASO Hon. Treasurer</i> 09:30-09:40 267. Multimodality image fusion method for guiding minimally invasive surgery in prostate cancer <i>Jyothsna Divyananda, University of Dundee</i> 09:40-09:50 311. Variations in Ribonucleotide Reductase subunit expression induce gemcitabine resistance in a cell cycle dependent manner in Suit-2 pancreatic cancer cells <i>Paula Ganesh, University of Liverpool, Liverpool</i> 09:50-10:00	Raven and BJS Proffered Prize Papers Sessions <i>Trainees are encouraged to attend the Raven Papers or the BJS papers sessions</i>

	<p>10:00-10:10 177. Patterns of disease relapse in primary extremity soft tissue sarcoma <i>Henry Smith, The Royal Marsden Hospital, London</i></p> <p>10:10-10:20 430. A first in human feasibility study of 18F-FDG Cerenkov luminescence imaging (CLI) for intraoperative assessment of tumour resection margins in breast-conserving surgery (BCS) <i>Massimiliano Cariati, Kings College London</i></p> <p>10:20-10:30 253. How to lower rate of upgrade of screen-detected high risk B3 breast lesions at time of surgery: A new proposed pathway <i>Mohsen El Gammal, Frimley Health, London</i></p>	<p>368. Long term oncologic outcomes following minimally invasive resection for oesophago-gastric cancer <i>Esther Platt, Derriford Hospital NHS Trust</i></p> <p>10:00-10:10 389. Predictors of post-operative complications following pancreaticoduodenectomy Background <i>Andrew Nickinson, University Hospital Southampton</i></p> <p>10:10-10:20 396. Reporting of Outcomes in Gastric Cancer Surgery Trials: A Systematic Review Background <i>Bilal Alkhaffaf, Central Manchester University Hospitals NHS Foundation Trust, Manchester</i></p> <p>10:20-10:30 458. A retrospective analysis of positive surgical margins (PSM) and biochemical recurrence following open and laparoscopic radical prostatectomy <i>Madhavi Natarajan, NHS</i></p>	
10:30-12:00	<p>Surgical Research Showcase <i>Chair: Prof Richard Shaw, Professor of Head & Neck Surgery, University of Liverpool, Associate Director for NIHR Clinical research Network - cancer</i></p> <p>10:30-10:35 Surgical Trials Showcase – Introduction</p> <p>10:35-10:50 Performance Report: Surgical Oncology Trial Recruitment in the UK <i>Prof Richard Shaw and Dr Shamaila Anwar,</i></p>	<p>Breast Session: Oncology Issues in Reconstruction and Oncoplastic Surgery <i>Chairs: Prof Michael Douek, BASO Meeting Secretary</i></p> <p>10:30-11:00 European Initiative in Breast Cancer <i>Prof Robert Mansel, Emeritus Professor, Cardiff University</i> <i>Past President BASO~ACS</i></p>	<p>10.30-10.35 Welcome, Programme Overview & House Keeping <i>Dr Afsana Elanko, BASO Trainees Member</i></p> <p>10.35-10.45 BASO Trainees Presidential Address <i>Mr Dara Lundon, President BASO Trainees</i></p> <ul style="list-style-type: none"> ○ Introduction to BASO Trainees ○ Members Benefits ○ How to become more involved

	<p><i>CRN(Cancer) NIHR</i></p> <p>10:50-11:35 Trials Showcase: Breaking data from NCRI portfolio surgical oncology trials</p> <p>Trial 1: FACS (Follow-up after Colorectal Surgery) Trial Results <i>Professor John Primrose, Professor of Surgery, Southampton</i></p> <p>Trial 2: CReST (Colorectal Endoluminal Stenting) Trial Results <i>Professor Jim Hill, Clinical Professor of Colorectal Surgery, Manchester</i></p> <p>Trial 3: PET-PANC: Multi-centre prospective diagnostic accuracy and clinical value trial of FDG PET/CT in the diagnosis and management of suspected pancreatic cancer: Trial Results <i>Professor Paula Ganesh, Professor of Surgery, University of Liverpool</i></p> <p>11:35-11:40 The CREST Award “Cancer research Excellence in Surgical Trials” 2016 CREST Awards presentation</p> <p>11:40-12:00 “Building a Trial Portfolio in a Research-Naïve Surgical Specialty: Pearls & Pitfalls” <i>Mr John Edwards, Consultant Cardiothoracic, Sheffield</i></p> <p>12:00-12:05 Panel Discussions “Are we making progress in surgical oncology trials?”</p>	<p>11:00-11:30 “Pre-operative Breast Radiotherapy: is this the future?” <i>Dr Charlotte Coles, Consultant Radiation Oncologist</i></p> <p>11:30-12:00 Oncological safety of Oncoplastic Surgery: Surgical issues in treatment planning <i>Mr Richard Rainsbury, Consultant General Surgeon, Hampshire</i></p>	<p>10.45-11.15 The Emergency Surgical Oncologists <i>Mr Zaheer Shah, Alexandra Hospital, Redditch</i></p> <ul style="list-style-type: none"> ○ What is emergency versus elective ○ Who operates? Surgical oncologists versus emergency on call with no oncology experience ○ Common emergency presentations & management for trainee <p>11.15-11.45 Economics and Surgical Oncology: The cost of life <i>Ms Grace Marsden, Health Economist</i> <i>This talk is inspired by a recent publication on the economic calculation of A QALY.</i></p> <ul style="list-style-type: none"> ○ discussion on QALY ○ outline of Current service costs and their inflation and the cause or source of this in oncology vs benign and chronic diseases ○ what conditions have negative QALYS <p>11.45-12.00 Artificial Intelligence applications in Surgical Oncology/ Medical devices innovation for surgical oncologists <i>Declan Soden</i></p> <p>12.00-12.10 Debate Intro: Should Surgical Oncology Trainees need to do a research degree (MD/PhD) and be</p>
	Complex Multivisceral Cancer Surgery	Local Treatments for Metastatic Disease	

	<i>Chairs: Mr Zaed Hamady, BASO Trustee and Mr Hassan Malik, BASO Hon. Secretary</i>	<i>Chairs: Prof Garth Cruickshank, BASO Trustee and Mr Michael Shackcloth, BASO Trustee</i>	involved in clinical trials/research collaborative? <i>Dr Afsana Elanko, BASO Trainees Member</i>
12:05-12:25	Indications and outcomes of exenteration surgery <i>Prof Paris Tekkis, Professor of Colorectal Surgery, London</i>	12:00-12:20 Bone Metastases: Indications for Surgery and the New UK Guidelines <i>Mr Robert Ashford, BASO Trustee, Consultant Orthopaedic and Sarcoma Surgeon</i>	12.00-12.45 Debate “This House Believes there is a need to undertake structured research training (PhD/MD) prior to commencing specialty training” <i>Chairs: Dr Afsana Elanko, Mr Brian Kelly and Mr Dara Landon (BASO Trainees Council)</i>
12:25-12:40	Complex pelvic resections, technical considerations <i>Mr Anant Desai, Consultant Sarcoma Surgeon, Birmingham</i>	12:20-12:40 Cranial Metastases: IMRT/SRS or Surgery: A treatment algorithm for best practice and overview of outcomes <i>Mr Michael Jenkinson, Senior Lecturer in Neurosurgery, Liverpool</i>	For: <i>Mr Richard Bryan, Senior Research Fellow, University of Birmingham</i> Against: <i>Mr Padraig Daly, Consultant Urologist, Waterford</i>
12:40-13:00	Laparoscopic colorectal surgery after primary systemic therapy <i>Mr Vivek Datta, Consultant Colorectal & General Surgeon, London</i>	12:40-13:00 Liver metastases in breast cancer: Does surgery or ablative therapies have a role? <i>Professor Long Jiao, Hammersmith Hospital</i>	12.45-13.00 Current Challenges for Surgical Oncology Trainees <i>Mr Robert Ashford, BASO Trustee, Consultant Orthopaedic and Sarcoma Surgeon</i> <ul style="list-style-type: none">○ Training issues in view of Greenaway Report○ How to face challenges○ Opportunities that are on horizon
13:00-13:45	Lunch		
	Plenary Awards and Orations		Funding for Research /Trails
13:45-14:10	Ernest Miles Award Mr Brendan Moran, Consultant Colorectal Surgeon, Basingstoke “Oncological surgery: Learning from Miles”		13.45-14.00 How the RCS(England) can support you <i>Mr Martyn Coomer, Head of Research Department, RCS</i> How to write an successful grant application <ul style="list-style-type: none">○ How to find a good project○ How to apply○ The selection process
14:10-14:35	Uccio Querci Della Rovere Award Mr Richard Rainsbury, Consultant General Surgeon, Hampshire “Foundations, bridges and challenges”		
14:35-15:00	Raven Lifetime Achievement Award Prof Robert Grimer, Professor of Orthopaedic Oncology, Birmingham “Sarcoma Surgery – achievement and challenges”		14.00-14.15 How to write a successful grant application <i>Ms Rachael Panizzo, Research Funding Manager, CRUK</i> <ul style="list-style-type: none">○ What to include/not to include

		<ul style="list-style-type: none">○ Examples of successful applications & why they were successful○ What are the funding opportunities <p>14.15-14.30 How to write a successful grant application <i>Ms Vicky Taylor, NIHR</i></p> <ul style="list-style-type: none">○ What to include/not to include○ Examples of successful applications & why they were successful○ What are the funding opportunities○ Institutes you can apply to○ What is available <p>14.30-14.40 BASO Trainees Prize Winners <i>Mr Mohammad Kamarizan (ASiT Annual Conference poster winner)</i></p> <p>14.40-14.45 Conclusion and completion of evaluation forms</p> <p>14.45-15.00 BASO Trainees AGM</p>		
15:15-15:25	Introduction from the Director of the NCRI <i>Karen Kennedy, National Cancer Research Institute, UK</i>			
15:25-16:05	Plenary lecture: Small cell lung cancer <i>Charles Rudin, Memorial Sloan Kettering Cancer Center, USA</i>			
16:05-16:45	Plenary lecture: Headlines, hype and hope: how should we talk about cancer research? <i>Kat Arney, Freelance science writer and science broadcaster, London, UK</i>			
16:45-17:25	Plenary lecture: Yeast cell cycle <i>Iain Hagan, Cancer Research UK Manchester Institute, UK</i>			
17:25-17:40	Comfort Break			
17:30-19:00	Debate: ‘This house believes research into repurposing existing medications and optimising use of current breast cancer treatments should be prioritised above research into developing novel agents’ Sponsored by Breast Cancer Now <i>Chair: Judith Bliss, The Institute of Cancer</i>	Sponsored Session 2: tbc by NCRI	Sponsored Session 3: tbc by NCRI	17:30-18:30 Consumer session: What is cancer? A 21st century answer <i>Martin Christlieb, University of Oxford, UK</i>

	Research, UK			
18:00-20:00	Opening reception, networking, poster and exhibition viewing			
20:30 Onwards	BASO~ACS Annual Dinner and BASO Trainees Dinner <i>(Details will be available on the BASO~ACS website soon)</i>			

Monday, 7 th November (BASO~ACS Surgical and NCRI Tracks)					
08:15-08:35	BASO~ACS Breast session: Breast Reconstruction <i>Chair: Ms Lynda Wyld, BASO President</i>	Workshop: De-mystifying science <i>Elaine Vickers, Science Communicated, Sheffield, UK</i>	BACR educational workshop: Bioinformatics for the uninitiated <i>Crispin Miller, Cancer Research UK Manchester Institute, UK</i>		Sponsored session: TBC
	The oncological safety of nipple sparing mastectomy: the European INSPIRE Project <i>Prof Isabel Rubio, Chief, Breast Surgical Oncology, Spain</i>				
08:40-09:00	The oncological safety of lipomodelling in breast cancer <i>Ms Siobhan Laws, Consultant Surgeon, Hampshire</i>				
09:05-09:45	Plenary lecture: Non-small cell lung cancer <i>Mark Krasnow, Stanford University, USA</i>				
09:45-10:25	BASO~ACS Plenary Session (BJS Lecture) <i>Chairs: Professor Michael Douek, BASO Meeting Secretary and Ms Lynda Wyld, BASO President</i> "Challenges in the management of breast cancer in low and middle income countries" <i>Prof Cheng-Har Yip, President of Breast Surgery International, Malaysia</i>				
10:25-11:00	Networking, exhibition and poster viewing				
11:00-11:30	BASO~ACS and BAHNO Session <i>Chairs: Prof Garth Cruickshank, BASO Trustee and Mr Mike Fardy, President BAHNO</i>	Stem cells and cancer <i>Host: Tariq Enver, University College London Cancer Institute</i> Speakers: - Sheila Singh, McMaster University, Canada - Dominique Bonnet, Francis Crick Institute, UK	Cancer prevention at the population level: How can we translate research evidence into policies that help prevent cancer? <i>Host: Linda Bauld, Cancer Research UK and University of Stirling, UK</i> Speakers: - Susan Jebb, University of Oxford, UK	Noncoding RNAs in cancer <i>Host: Crispin Miller, Cancer Research UK Manchester Institute, UK</i> Speakers: - Sven Diederichs, DKFZ - RNA Biology & Cancer, Germany - Duncan Odom, CRUK Cambridge Institute, UK - Mark Lindsay, University of	Workshop: Molecular diagnostics: lessons being learnt <i>Host: Karen Oien, Institute of Cancer Sciences, University of Glasgow, UK</i>
	"HPV vaccines - how to get the maximum protection" <i>Prof Margaret Stanley, OBE</i>				
11:30-12:00	The management of oropharynx cancer in the HPV Era <i>Prof Terry Jones, Professor of Head & Neck Surgery, Liverpool</i>				

12:00-12:30	Sentinel Lymph Node Biopsy in Head & Neck Cancer: Good ideas need proper trials <i>Prof Mark McGurk, Professor of Oral and Maxillofacial Surgery, London</i>	- Douglas Winton, CRUK Cambridge Institute, UK	- Tim Stockwell, University of Vancouver, BC, Canada Ann McNeill, Kings’s College London, UK	Bath, UK	
12:30-14:00 Lunch, networking, exhibition and poster viewing					
12:30-13:30	BASO~ACS AGM with lunch provided to members in the room		Consumers session: Dragons’ Den	Sponsored sessions TBC	
13:30-14:00	BASO~ACS Awards Session Geoff Oates Award <i>Prof O J Garden, Regius Professor of Clinical Surgery, Edinburgh</i> “A liver surgeon’s view of colorectal cancer” Award announcement for the Raven Prize Paper, BJS Prize Paper and Alan Edwards Poster Prize				
14:00-16:00	BASO~ACS Session Robotic Surgery Symposium <i>Chairs: Prof David Jayne</i>	Functional imaging for influencing management: Paradigm shift or pipe dream? <i>Host: Nandita deSouza, The Institute of Cancer Research, UK</i> <i>Speakers:</i> - Christina Messiou, Royal Marsden Hospital, UK - Arturo Chiti, Humanitas University., Italy - Alan Jackson, Wolfson Imaging Centre, UK	Early detection and prevention <i>Host: Harpal Kumar, Cancer Research UK, London, UK</i> - Dennis Lo, Chinese University of Hong Kong - Harry de Koning, Erasmus Medical Center, The Netherlands - Rebecca Fitzgerald, University of Cambridge, UK	Liquid biopsy <i>Host: Nicholas Turner, The Institute of Cancer Research, London, UK</i> <i>Speakers:</i> - Max Diehn, Stanford University, USA - Caroline Dive, CR-UK Manchester Institute, UK - Gerhardt Attard, The Institute of Cancer Research, UK	Using viruses to treat cancer <i>Host: Alan Melcher, The Institute of Cancer Research, UK</i> <i>Speakers:</i> - John Bell, Ottawa Hospital, Canada - Kerry Fisher, University of Oxford, UK - Kevin Harrington, The Institute of Cancer Research, UK
14:00-14:05	Welcome and Outline of the session <i>Prof David Jayne, Professor of Surgery, Leeds</i>				
14:05-14:25	A robotic gynaecological perspective <i>Mr Simon Butler-Manuel, Consultant Gynaecologist, Surrey</i>				
14:25-14:45	A robotic thoracic perspective <i>Mr Sasha Stamenkovic, Consultant Thoracic Surgeon, Newcastle</i>				
14:45-15:05	A robotic urological perspective <i>Mr Ben Challacombe, Consultant Urological Surgeon, London</i>				
	A robotic colorectal perspective	The dark side of the	Models of aneuploidy and	Proffered papers session	

15:05-15:25	Mr Mark Gudgeon, Consultant Colorectal Surgeon, Surrey	genome – structural catastrophes in paediatric cancers Host: Richard Gilbertson, Cancer Research UK Cambridge Institute Speakers: - Paul Northcott, St Jude Hospital, Memphis, USA, - Rogier Versteeg, Netherlands Bioinformatics Centre - Richard Gilbertson, University of Cambridge, UK	centrosomal imbalance Host: Iain Hagan, Cancer Research UK Manchester Institute, UK Speakers: - David Glover, University of Cambridge, UK - Cayetano Gonzalez, Institute for Research in Biomedicine, Spain - Rong Li, John Hopkins University, USA	1 Chair: Johann de Bono, The Institute of Cancer Research, UK	
15:25-15:45	A robotics head and neck perspective Professor Vinidh Paleri, Professor of Head and Neck Surgery, Newcastle				
15:45-16:00	Discussion Prof David Jayne, Professor of Surgery, Leeds (Robot demonstration in an adjacent area for the whole afternoon/day: tbc)				
16:00-16:30	Networking, exhibition and poster viewing				
16:30-16:50	Cancer Research UK prize ceremony				
16:50-17:30	Plenary lecture: Cancer Research UK Lifetime Achievement Award winner				
17:35-18:05	BASO~ACS and AUGIS SESSION Chair: Mr Hassan Malik, BASO Trustee and Mr Giles Toogood, Consultant in Hepatobiliary & Transplantation Surgery	17:35-19:05 Workshop: Women in Science Host: Caroline Dive, Cancer Research Manchester Institute, UK	Sponsored sessions TBC	Sponsored sessions TBC	Sponsored sessions TBC
18:05-18:35	Advancing outcomes in pancreatic cancer: from bench to bedside Professor John Neoptolemos, The Owen and Ellen Evans Chair of Surgery, Senior NIHR Investigator Surgical Training at a Distance Professor OJ Garden, Regius Professor of Clinical Surgery, Edinburgh				
18:35-20:00	Drinks reception, networking, poster and exhibition viewing				
18:35-20:00	Chairs Evening (Invitation Only)				

Tuesday, 8 th November					
08:15-09:00	Workshop: De-mystifying	BACR educational workshop:	Sponsored Session	Sponsored Session	Sponsored Session

	science <i>Elaine Vickers, Science Communicated, Sheffield, UK</i>	Artificial cells – smart delivery systems for cancer therapy <i>Oscar Ces, Imperial College London, UK</i>			
09:00-09:45	Plenary lecture: Immunotherapy <i>Lieping Chen, Yale School of Medicine, USA</i>				
09:45-10:25	Plenary lecture: Radiobiology and prostate cancer <i>Rob Bristow, Princess Margaret Cancer Centre and University of Toronto, Canada</i>				
10:25-11:00	Networking, exhibition and poster viewing				
11:00-12:30	Prostate cancer <i>Host: Johann de Bono, The Institute of Cancer Research, London, UK</i> Speakers: - Andrea Alimonti, Institute of Oncology Research, Switzerland - Johann de Bono, The Institute of Cancer Research, UK - Peter Nelson, Fred Hutchinson Cancer Research Center, USA	Targeting cancer evolution <i>Host: Charles Swanton, The Francis Crick Institute and University College London Cancer Institute, UK</i> Speakers: - Paul Workman, The Institute of Cancer Research, UK - Nnenna Kanu, University College London, UK - Serena Nik-Zainal, Wellcome Trust Sanger Institute, UK	Tumour cell death <i>Host: Henning Walczak, University College London, UK</i> Speakers: - Andreas Strasser, Walter and Eliza Hall Institute of Medical Research, Australia - Anthony Letai, Dana Farber Cancer Institute, USA - Pascal Meier, The Institute of Cancer Research, UK	Where are the gains in technical radiotherapy? <i>Hosted by the Royal College of Radiologists</i> Speakers: - Stephen Hahn, University of Texas MD Anderson Cancer Center, USA - Maria Hawkins, University of Oxford, UK - Marcel Van Herk, The Christie, UK	Clinical Trials Showcase <i>Host: Matt Seymour, NIHR Clinical Research Network: Cancer, Leeds, UK</i>
11:00-12:30 (continued)	Workshop: Accelerating adoption of research findings into NHS clinical practice <i>Host: Emma Greenwood, Cancer Research UK</i>	Proffered papers session 1 <i>Host: Caroline Dive, Cancer Research Manchester Institute, UK</i>			
12:30-14:00	Lunch, networking, exhibition and poster viewing				
13:00-14:00	Scientific session sponsored by Bristol-Myers Squibb	The Royal College of Radiologists proffered paper session			
14:00-14:45	Plenary lecture: Targeting tumour evolvability <i>Reuben Harris, University of Minnesota, USA</i>				
14:45-15:25	Plenary lecture: Improving the evidence base for symptom control in advanced cancer: phase III studies of common interventions <i>David Currow, Flinders University, Adelaide, Australia</i>				
15:25-16:00	Networking, exhibition and poster viewing				

16:00-18:00	How we talk about cancer <i>Host: Elena Semino, Lancaster University, UK</i> <i>Speakers:</i> - Lynda Appleton, Clatterbridge Centre, UK - David Hauser, University of Michigan, USA - Andrew Graystone, Charnwood Trust and Broadcaster, UK	Delivering patient-centred cancer care: Meeting the psychosocial needs of people living with and beyond cancer <i>Host: Nick Hulbert-Williams, University of Chester, UK</i> <i>Speakers:</i> - Alex Mitchell, University of Leicester, UK - Afaf Girgis, South Western Sydney Clinical School, Australia - Gozde Ozakinci, University of St Andrews, UK	Novel targeted therapies for cancer cachexia – a new era in cancer treatment <i>Host: David Currow, Flinders University, Adelaide, Australia</i>	Advances in cancer drug discovery and development: Small molecule versus antibody-based strategies <i>Host: Michelle Garrett, University of Kent, UK</i> <i>Speakers:</i> - Jessie English, Merck, USA - Bahija Jallal, MedImmune, USA - Olivia Rossanee, The Institute of Cancer Research, UK	Improving outcomes with drug/radiotherapy combinations <i>Hosted by the Royal College of Radiologists</i> <i>Speakers:</i> - Anthony Chalmers, University of Glasgow, UK - Tim Illidge, University of Manchester, UK - Philippe Lambin, Maastricht University
16:00-18:00 (continued)	Epstein-Barr virus: Continuing insights into cancer and its treatment <i>Hosts: Neil Steven and Graham Taylor, University of Birmingham, UK</i> <i>Speakers:</i> - Lawrence Young, Warwick, UK - Christian Munz, University of Zurich, Switzerland - Stephen Gottschalk, Texas Children's Cancer Center, USA	Small cell lung cancer <i>Host: Caroline Dive, Cancer Research Manchester Institute, UK</i> <i>Speakers:</i> - Julien Sage, Stanford University, USA - Roman Thomas, University of Cologne, Germany - Corinne Faivre-Finn, The Christie, UK	Workshop: CTUs – what do they do? <i>Host: Judith Bliss, The Institute of Cancer Research</i>		
20:00 NCRI Conference Dinner					

Wednesday, 9th November					
09:00-11:00	Obesity and hepatocellular carcinoma <i>Host: Helen Reeves, Newcastle University, UK</i> - Quentin Anstee, University of Newcastle, UK - Mathias Heikenwalder, Institute of	Opportunities for Step Changes in The Cancer Landscape Through Health Informatics <i>Hosted by the Farr Institute</i>	Strategies to enable more efficient clinical trials <i>Host: Lucinda Billingham, University of Birmingham, UK</i> <i>Speakers:</i> - James Wason, University of Cambridge, UK	Oesophageal cancer <i>Host: Tim Underwood, University of Southampton, UK</i> <i>Speakers:</i> - Fergus Noble, University of Southampton, UK - Maria Secrier, University of	Treatment toxicity, late effects and survivorship <i>Host: John Radford, University of Manchester, UK</i> - Flora van Leeuwen, Netherlands Cancer Institute, The Netherlands - David Hodgson, Toronto, Canada

	<i>Virology, Germany</i> - Tim Meyer, University College London, UK		- Richard Simon, National Cancer Institute, USA - Tomasz Burzykowski, IDDI, Belgium	Cambridge, UK - Michael Quante, Technical University of Munich, Germany	- Janelle York, Manchester, UK
09:00-11:00 (continued)	The changing face of cancer follow-up: Supported self-management <i>Hosts: Claire Foster, University of Southampton, UK and Elspeth Banks, NCRI Psychosocial Oncology & Survivorship Clinical Studies Group</i> <i>Speakers:</i> - Jessica Corner, University of Nottingham - Penny Schofield, PeterMac Cancer Centre, Australia - Irma Verdonck-de Leeuw, VU University Medical Center, The Netherlands				
11:00-12:00	Networking, exhibition and poster viewing				
12:00-12:40	Plenary lecture: Biology and Biomarkers: Molecular correlates of clinical outcomes in patients with metastatic solid tumours treated with anti-PD-(L)1 agents <i>Alexandra Snyder, Memorial Sloan Kettering Cancer Center, USA</i>				
12:40-13:20	Plenary lecture: Cancer immunology and the microbiome <i>Jennifer Wargo, MD Anderson Cancer Center, USA</i>				
13:20-13:40	Prize winner announcements and closing remarks				

Please visit the NCRI website www.conference.ncri.org.uk for the most up-to-date programme

Discounted registration fees available for BASO~ACS and BASO Trainees Members
