President's Meeting & Audit Symposium 2015

SURGICAL ONCOLOGY

The theme of this year's President's Meeting is 'Surgical Oncology'. Advances in surgical technique and in the organisation and delivery of care have contributed significantly to improved outcomes for patients with cancer. This meeting will provide an update on contemporary management of various malignancies, with a major focus on surgical treatments, as well as updates on oncological therapies. This meeting will also include a number of plenary lectures and contributions from all the surgical specialty associations.

All those with an interest in surgical oncology are welcome to attend.

Key Speakers include:

Professor Timothy J. Eberlein

(Bixby Professor and Chairman of the Department of Surgery at Washington University School of Medicine, St. Louis and Surgeon-in-Chief at Barnes-Jewish Hospital)

Professor Arnold Hill

(Professor and Chair of Surgery and the Head of the Medical School at the Royal College of Surgeons in Ireland)

Professor Alastair Munro

(Professor of Radiation Oncology at the University of Dundee and Honorary Consultant Oncologist NHS Tayside)

Professor Graeme Poston

(Consultant Hepato-biliary Surgeon at University Hospital Aintree, Liverpool and Professor of Surgery at the University of Liverpool)

Professor Tom Treasure

(Consultant Cardiothoracic Surgeon, Clinical Operational Research Unit, University College London)

Abstracts:

Our Annual Audit Symposium invites trainees to submit audit abstracts for presentation at this meeting for Trauma and Orthopaedics; General Surgery or Specialties and Common Interest. In addition this year, there will also be an 'Oncology Session' and we are inviting trainees to submit research abstracts for this.

The College also invites trainees to submit abstracts for consideration to present in the Lister Legacy Medal Session. These abstracts must be research based on 'Sepsis and Infection Control'.

Both the Surgeon in Training Medal and the Lister Legacy Medal will be awarded at the end of the day for the best oral presentation.

Abstracts can be submitted via the Education pages of the RCSEd website. Closing date is **5pm on Monday 5 January 2015.**
