

BASO~The Association for Cancer Surgery

BASO Trainees Meeting

3rd November 2018
The Royal College of Physicians and Surgeons of Glasgow

FINAL PROGRAMME

PRESIDENT'S ADDRESS

Firstly, may I welcome all members and delegates to the BASO Trainees Meeting on Saturday 3rd November 2018.

This year we are excited in running trainees meeting with the kind support and collaboration of the Royal College of Physicians and Surgeons of Glasgow.

The BASO Trainees organisation was established to represent the views of trainee members of the BASO~ The Association of Cancer Surgery. As training and work pressures change with an ever-evolving healthcare service, we also aim to improve the experience, training and professional competence of surgical trainees with an interest in oncology, principally in academic and research matters.

This year we have extended our meeting to a whole day meeting to offer more to the trainees. The day is split into three elements, with training in the morning into non-surgical skills, followed by an innovative “speed mentoring session” and oral presentations, and the meeting concludes with the mentorship, funding for higher degrees and fellowships. It looks to be a very busy and productive day.

Lastly, may I also take this opportunity to invite you and encourage you to become a member of BASO Trainees (rates start from £10 for basic membership), which will provide you a discounted rate for the Trainees Meeting. As a Trainee member you will also receive a discount for the BASO ~ ACS Scientific Conference and the drinks reception and annual dinner on the 4th November 2018, which will be a great way to network and meet colleagues that are more senior.

I look forward to meeting you all at the forthcoming conference.

Dr Afsana Elanko
President BASO Trainees

EJSO

EUROPEAN JOURNAL OF
SURGICAL ONCOLOGY

Our in-house Journal, 'The European Journal of Surgical Oncology (EJSO),' aims to educate and inform about the many subspecialty disciplines of cancer surgery. The EJSO publishes original scientific articles, reviews, clinical trials, news and views, and other relevant materials; and has the worldwide readership.

The Journal continues to go from strength to strength under the current Editorship of former BASO President, Professor Riccardo A. Audisio. The current impact factor is at an all-time high of 3.688, up from 2,940 in 2015.

Last year the Journal received over 1000 manuscripts submitted for consideration of publication. This is the highest number ever received in a year. As in previous years, the majority of submissions were original research articles, but there was an increasing number of review articles, short reports, and editorials. The average turnaround time for manuscripts is less than seven weeks, making it a very attractive Journal for members to submit their papers.

Membership of BASO-ACS includes the subscription to the EJSO.

Best wishes,

Mr Michael Shackcloth

BASO Annual Dinner

Sunday, 4th November

Venue:

Royal College of Physicians and Surgeons of Glasgow

Drinks Reception: 7:30pm

Dinner: 8pm onwards

Join us at the Glasgow's most historic and elegant venue for our Annual Dinner, providing you with a perfect opportunity to meet and catch up with your colleagues and peers.

ENCOURAGING RESEARCH AND RECOGNISING EXCELLENCE

BASO-ACS takes great pride in honouring surgeons and trainees for outstanding achievement and contribution to cancer surgery, research and education. Over the years, BASO has developed a prestigious portfolio of awards and prizes.

Every year, at the Annual Scientific Conference, BASO awards the Ronald Raven Prize and British Journal of Surgery Prize to the best two abstracts and oral presentations. The Alan Edwards Poster Prize is given to the best poster at the conference.

BASO is delighted to offer a BASO Trainees Prize for the best surgical oncology presentation by a trainee at the Annual Conference of each Surgical Specialty Associations. To support surgical research and educational

development each year, we offer the Ronald Raven Travelling Fellowship, a bequest from Ronald Raven, one of the founders of the Association.

To celebrate its 40th Anniversary, BASO inaugurated the following awards in 2013 to honour those surgeons who have made outstanding contribution in the advancement of cancer surgery:

- Ronald Raven Lifetime Achievement Award
- Geoff Oates Award
- Uccio Querci Della Rovera Award

BASO~ACS GRANTS AND FELLOWSHIPS

BASO Raven Travelling Fellowship was endowed in 1993 by the Ronald Raven Trustees in memory of Ronald Raven, Founder of the Association.

The award is currently for a maximum of £3,000 and may be awarded to one or several individuals as considered appropriate by the BASO~ACS National Committee when considering the merits of their applications.

The scholarship is open to UK-resident trainees or recently appointed consultants, who have gained the fellowship of one of the British or Irish Colleges, and who intend to travel outside the UK. Applicants need not be members of BASO~ACS or BASO Trainees Group (although this is desirable) but applications must relate to the aims and objectives of the Association.

visit BASO.org.uk for details.

BASO~ACS (NIHR) PROJECT GRANT 2019

Applications are now invited for the BASO~ the Association for Cancer Surgery project grant, awarded to assist surgeons to undertake research projects related to surgical or surgically linked cancer care.

BASO ~ ACS is an NIHR non-commercial Partner. Research studies funded through our 'Project Grant' award scheme are eligible for consideration for NIHR Clinical Research Network support and inclusion in the Central Portfolio Management System (CPMS). The NIHR Clinical Research Network supports researchers and the life sciences industry in developing, setting up and delivering high quality research to time and target in the NHS in England.

Applications are sought for discrete projects such as projects seeking funding for the initial development of clinical trials, studies aimed at initial data collection to inform the design of a future trial or systematic reviews. Subject to satisfactory applications, one to three awards up to the total value of £6,000 will be made. Normally the award will be for one academic year.

Further details available on www.baso.org.uk.

BASO Endorsed Events

BASO~ACS offers discounted registrations to various events, training programmes; access to fellowships and BASO (NIHR) Grants, to its junior members.

Visit www.baso.org.uk for further details.
